Cnr Hans Strydom & Jacqueline Drive

Pretoria : South Africa

The Ozone Steam Sauna is a convenient way to add ozone technology as detoxification method to your clinic or practice, or as a new business opportunity

How Can You Profit From Having An Ozone Steam Sauna?

- By making sessions available to other individuals as a weight-loss or detox program
- By offering sessions for people with various lifestyle conditions such as:
Diabetes I & II , Cholesterol, Arthritis, Depression , Asthma, Cancer , Drug Addiction, And many more
This can be done from your existing Beauty Salon, Day Spa, Wellness Centre, Medical Practice, Lodge, etc. or simply started as a sideline business.

Staff and Space Requirements

- The main advantage is that you only require a single person to run this business.
- Setting up sessions shouldn't take you more than two to three minutes.
- No plumbing or instillation is required
The unit is on wheels so your Ozone Steam Sauna can stand pretty much anywhere you can find a space for it.

Profitability

Thirty minute-sessions in South Africa range from an asking price of approximately R80 to R250 per session, depending on the area you service. The norm is about R150 per session, or R120 per session, provided the client book a course of ten sessions in advance.

One client gives you an income of R 1,200 per ten sessions booked. You can comfortably provide for ten sessions a day, giving you (on average) an income of about R1,200 – R1,500 per day if you have ten clients booked.

Break even point is only two (2) clients per month should you want to lease or purchase on credit facilities. · Your Ozone Steam Sauna can pay for itself with almost no effort.

What will the unit cost me?

The current price for the imported Ozone Steam Sauna is R 66,500 excluding VAT. This includes an Oxygen Flow Regulator but you will have to rent or buy your own Oxygen Cylinder locally. An option for an Oxygen Concentrator (R 11,000 ex VAT) is also available.

If you do not wish to make a cash purchase, leasing options and credit facilities are available, starting from as little as R 1,645 (incl. VAT) p/m for 60 months. (R 1,915 p/m with hassle free oxygen concentrator option)

Training and treatment information is provided.

| Profitability Graph. | | |
|-----------------------------|------------------|-----------------|
| No. of Clients | Income per month | Income per year |
